

If your workforce is seated for much of the day but find 'hard' seating uncomfortable, Flow may be the answer. Flow provides a unique soft polyurethane moulding, allowing for liquid proof seating to be used but with soft characteristics, similar to foam based padding in upholstered office chairs.

Ideal for 'clean room' production environments or wherever softer seating is required, without fabric, but with rugged characteristics.

High density moulded seat and back foam

- Height adjustable
- Adjustable foot ring
- Five year warranty
- Tension adjustable back rest
- Optional arm rests
- Standard black is the default colour, additional colours are available for volume orders

seat pan depth
